

**RESOLUTION NO. 2017-04-03**

**RESOLUTION OF THE BOARD OF DIRECTORS OF THE DENVER CONNECTION  
WEST METROPOLITAN DISTRICT ADOPTING THE DESIGN AND LANDSCAPE  
GUIDELINES OF DENVER CONNECTION WEST**

WHEREAS, the Denver Connection West Metropolitan District (the “**District**”) is a quasi-municipal corporation and political subdivision of the State of Colorado located in the City and County of Denver, Colorado; and

WHEREAS, the District operates pursuant to its Service Plan approved by the City and County of Denver on September 12, 2016, as the same may be amended and/or modified from time to time (the “**Service Plan**”); and

WHEREAS, pursuant to Section 32-1-1001(1)(m), C.R.S., the District has the power “to adopt, amend and enforce bylaws and rules and regulations not in conflict with the constitution and laws of this state for carrying on the business, objects, and affairs of the board and of the special district;” and

WHEREAS, William Lyon Homes, Inc., (the “**Developer**”) has caused to be recorded the Declaration of Protective Covenants of Denver Connection West, recorded on July 21, 2017, at Reception No. 2017095170 of the City and County of Denver, Colorado, real property records, as the same may be amended and/or modified from time to time (the “**Covenants**”) applicable to the real property within the District (the “**Property**”); and

WHEREAS, pursuant to Section 32-1-1004(8), C.R.S., and pursuant to the District’s Service Plan, a metropolitan district may provide covenant enforcement within the District if the declaration, design and landscape guidelines, or any similar document containing the covenants to be enforced for the area within the metropolitan district name the metropolitan district as the enforcement and design review entity; and

WHEREAS, the Covenants provide that it is the intention of the Developer to empower the District to provide covenant enforcement services to the Property; and

WHEREAS, pursuant to the Covenants, the District may promulgate, adopt, enact, modify, amend, and repeal design and landscape guidelines concerning and governing the Property and the enforcement of the Covenants; and

WHEREAS, the District desires to provide for the orderly and efficient enforcement of the Covenants by adopting design and landscape guidelines.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE DENVER CONNECTION WEST METROPOLITAN DISTRICT:

1. The Board of Directors of the District hereby adopts the Design and Landscape Guidelines of Denver Connection West as described in **Exhibit A**, attached hereto and incorporated herein by this reference (“Design and Landscape Guidelines”).

2. The Board of Directors declares that the Design and Landscape Guidelines are effective as of January 1, 2017.

3. Judicial invalidation of any of the provisions of this Resolution or of any paragraph, sentence, clause, phrase or word herein, or the application thereof in any given circumstances, shall not affect the validity of the remainder of this Resolution, unless such invalidation would act to destroy the intent or essence of this Resolution.

**[SIGNATURE PAGE FOLLOWS]**

# 1 **INTRODUCTION**

## **1.1 Basis for Design and Landscape Guidelines**

These Design and Landscape Guidelines (the “**Guidelines**”) are intended to assist Owners living in the Denver Connection West community (the “**Community**”). Pursuant to the Declaration of Covenants, Conditions and Restrictions of Denver Connection West (“**Declaration**”), recorded at Reception No. 2017095170 in the City & County of Denver. The Denver Connection West Metropolitan District (“**District**”) is authorized to adopt Design and Landscape Guidelines for the Community.

## **1.2 Definitions**

All capitalized words and phrases used in these Rules shall have the meaning provided in the Declaration unless otherwise defined herein.

## **1.3 Contents of Rules**

In addition to the introductory material, these Guidelines contain (A) a summary of procedures for obtaining approval from the Architectural Review Committee (“ARC”) (see Section 2); and (B) a listing of specific types of improvements that Owners might wish to make with specific information as to each of these types of improvements (see Section 3).

## **1.4 Architectural Review Committee or Representative**

The ARC consists of persons, representatives or a committee appointed by the Denver Connection West Metropolitan District Board of Directors to review requests for approval of architectural, landscaping improvements or site changes.

## **1.5 ARC Contact Information**

The contact information of the ARC, persons, committee or representative authorized to administer the architectural review process is:

COMPANY NAME	OFFICE	FAX	E-MAIL
MSI – HOA Management	303-420-4433	303-420-6611	info@msiho.com

## **1.6 Effect of Declaration**

The Declaration governs the Community. Each Owner should review and become familiar with the Declaration. Nothing in these Guidelines supersedes or alters the provisions or requirements of the Declaration and, if there is any conflict or inconsistency, the Declaration will control.

## **1.7 Effect of Governmental and Other Regulations**

Use of property within the Community and any Improvements must comply with any applicable building codes and other governmental requirements and regulations. Owners are encouraged to contact the City and County of Denver for further information and requirements for Improvements they wish to make.

APPROVAL BY THE ARC DOES NOT CONSTITUTE ASSURANCE THAT IMPROVEMENTS COMPLY WITH APPLICABLE GOVERNMENTAL REQUIREMENTS OR REGULATIONS OR THAT A PERMIT OR APPROVALS ARE NOT ALSO REQUIRED FROM APPLICABLE GOVERNMENTAL BODIES.

### **1.8 Interference with Utilities**

In making Improvements to property, Owners are responsible for locating all water, sewer, gas, electrical, cable television, or other utility lines or easements. Owners should not construct any Improvements over such easements without the consent of the utility involved, and Owners will be responsible for any damage to any utility lines. All underground utility lines and easements can be located by contacting:

**Utility Notification Center of Colorado  
1-800-922-1987 or 811**

### **1.9 Goal of Guidelines**

Compliance with these Guidelines and the provisions of the Declaration will help preserve the inherent architectural and aesthetic quality of the Community. It is the responsibility of the ARC to ensure that all proposed Improvements meet or exceed the requirements of these Guidelines and to promote the highest quality design for the neighborhood. It is important that Improvements to property be made in harmony with and not detrimental to the rest of the Community. A spirit of cooperation with the ARC and neighbors will go far in creating an optimum environment, which will benefit all Owners. By following these Guidelines and obtaining prior written approval for Improvements to property from the ARC, Owners will be protecting their financial investment and will help insure that Improvements to property are compatible with standards established for the Community. If a question ever arises as to the correct interpretation of any terms, phrases or language contained in these Guidelines, the ARC's interpretation shall be final and binding.

## **2 PROCEDURES FOR ARC APPROVAL**

### **2.1 General**

The procedures set forth in this Article 2 are intended to clarify the terms, provisions and requirements of Article 2 of the Declaration. In the event of any conflict between these Guidelines and the Declaration, the terms of Article 2 in the Declaration shall control. As indicated in Section 3 of these Guidelines, there are some cases in which advance written approval of the ARC is not required if the Guidelines with respect to that specific type of Improvement are followed. In a few cases, as indicated in Section 3, a specific type of Improvement is not permitted under any circumstances. In all other cases, including

Improvements not included in Section 3, advance, or prior written approval by the ARC is required before an Improvement to property is commenced.

## **2.2 Drawings or Plans**

Owners are required to submit to the ARC a completed Architectural Review Request Form ("ARR"), which forms are available from the person or entity listed in Section 1.5, and complete plans and specifications, in duplicate, (said plans and specifications to show exterior design, height, materials, color, location of the structure or addition to the structure, plotted horizontally and vertically, location and size of driveways, general plan of landscaping, fencing, walls, windbreaks and grading plan, as well as such other materials and information as may be required) prior to commencement of work on any Improvement to property. In most cases, the materials to be submitted will not have to be professionally prepared by an architect, a landscape architect, or draftsman, and a simple drawing with dimensions and description will be sufficient. In the case of major improvements, such as room additions, structural changes or accessory building construction, detailed plans and specifications, prepared by a licensed architect, may be required. Whether done by the Owner, or professionally, the following guidelines should be followed in preparing drawings or plans:

- A. The drawing or plan should be done to scale and shall depict the property lines of your Lot and the outside boundary lines of the home as located on the Lot. If you have a copy of an improvement survey of your Lot obtained when you purchased it, this survey would be an excellent base from which to start.
- B. Existing Improvements, in addition to your home, should be shown on the drawing or plan and identified or labeled. Such existing Improvements include driveways, walks, decks, trees, shrubs, fences, etc. The proposed Improvements should be shown on the plan and labeled. Either on the plan or on an attachment, there should be a brief description of the proposed Improvement, including the materials to be used and the colors. For Example: Redwood deck, ten (10) feet by twelve (12) feet with two inch by four inch (2"x4") decking and natural stain.
- C. The plan or drawing and other materials should include the name of the Owner, the address of the home, the lot, block and filing number of the Lot, and the e-mail address and telephone number where the Owner can be reached.
- D. The proposed Improvements must take into consideration the easements, building location restrictions and sight distance limitations at intersections.
- E. Owners should be aware that many Improvements require a permit from the City and County of Denver or other governmental entity.

The ARC reserves the right to require a copy of such permit as a condition of its approval.

- F. In some instances, elevation drawings of the proposed Improvement will be required. The elevation drawings should indicate materials.
- G. Photographs of existing conditions and of proposed materials and colors are encouraged to be included, and are helpful to convey the intended design, but should not be used solely to describe the proposed changes.

### **2.3 Submission of Drawings and Plans**

Two copies of the drawing or plans (minimum acceptable size 8.5" x 11") must be submitted to the ARC along with a completed ARR. Color photographs, brochures, paint swatches, etc. will help expedite the approval process. Specific dimensions and locations are required.

Any costs incurred by the ARC for review of submittals shall be borne by the Owner and shall be payable prior to final approval. Any reasonable engineering consultant fees or other fees incurred by the ARC in reviewing any submission will be assessed to the Owner requesting approval of the submission.

### **2.4 Action by ARC**

The ARC will meet as required to review plans submitted for approval. The ARC may require submission of additional information or material, and the request will be deemed denied until all required information and materials have been submitted. The ARC will act upon all requests in writing within forty-five (45) days after the complete submission of plans, specifications, and other materials and information as requested by the ARC. If the ARC fails to review and approve in writing (which may be with conditions and/or requirements) or disapprove, a request for architectural approval within forty-five (45) days after the complete submission of the plans, specifications, materials and other information with respect thereto, such request is deemed approved by the ARC.

### **2.5 Revisions and Additions to Approved Plans**

Any revisions and/or additions to approved plans made by the Owner or as required by any governmental agency, must be re-submitted for approval by the ARC. The revised plans must follow the requirements as outlined above.

### **2.6 Completion of Work**

After approval (which may be with conditions and/or requirements) of any proposed Improvement by the ARC, the proposed Improvement shall be completed and constructed as promptly and diligently as possible, and in complete conformity with all conditions and requirements of the approval. Failure to complete the proposed Improvement within

one year from the date of the approval or such other date as may be set forth in the approval or as set forth in the Declaration (the "**Completion Deadline**"), shall constitute noncompliance; provided, however, that the ARC may grant extensions of time to individual Owners for completion of any proposed Improvements, either (a) at the time of initial approval of such Improvements, or (b) upon the request of any Owner, provided such request is delivered to the ARC in writing and the Owner is diligently prosecuting completion of the subject Improvements or other good cause exists at the time such request is made.

## **2.7 Requirements for Initial Installation of Backyard Landscaping**

Backyard and/or Sideyard landscaping not installed by the Builder shall be completed within (9) months after initial conveyance of the property to the owner, with consideration given to planting seasons. Should an extension be foreseen due to time of year, written notice must be made to the ARC (Architectural Review Committee) prior to the 9 month expiration, at which time; the ARC will issue a new time requirement to the owner, but in no case later than 12 months after conveyance.

Two copies of the drawing or plans (minimum acceptable size 8.5" x 11") must be submitted to the ARC along with a completed ARR prior to installation of backyard sideyard landscaping and fencing. The Owner should ensure submittal of these plans will allow for the review period of up-to forty five (45) days for approval in accordance with the deadline for installation. Though an ARR (Architectural Review Request) may have been submitted, if it has not been approved and the installation completed by the deadline, the property may be sited for non-compliance.

## **2.8 Inspection of Work**

The ARC, or its duly authorized representative, shall have the right to inspect any Improvement at any time, including prior to or after completion, in order to determine whether or not the proposed Improvement is being completed or has been completed in compliance with the approval granted pursuant to this Section.

## **2.9 Notice of Non-Compliance**

If, as a result of inspections or otherwise, the ARC determines that any Improvement has been done without obtaining all required approvals (which may be with conditions and/or requirements), or was not done in substantial compliance with the approval that was granted, or has not been completed by the Completion Deadline, subject to any extensions of time granted pursuant to Section 2.6 hereof, then the ARC shall notify the District, and the District shall then notify the applicant in writing of the non-compliance (the "Notice of Non-Compliance"). The Notice of Non-Compliance shall specify the particulars of the non-compliance.

## **2.10 Correction of Non-Compliance**

If the ARC determines that non-compliance exists, the Person responsible for such non-compliance shall remedy or remove the same within not more than forty-five (45) days

from the date of receipt of the Notice of Non-Compliance. If such Person does not comply with the ruling within such period, the ARC shall notify the District, and the District may, at its option and if allowed by applicable law, record a notice of non-compliance against the Lot on which the non-compliance exists, may impose fines, penalties and interest, may remove the non-complying Improvement, or may otherwise remedy the non-compliance in accordance with the Declaration and applicable law. The Person responsible for such non-compliance shall reimburse the District, upon demand, for all costs and expenses, as well as anticipated costs and expenses, with respect thereto.

### **2.11 Amendment**

These Guidelines may at any time, from time to time, be added to, deleted from, repealed, amended, and modified, reenacted, or otherwise changed by the ARC, with the approval of the Person authorized to appoint the ARC, as changing conditions and/or priorities dictate.

### **2.12 Questions**

If you have any questions about the foregoing procedures, feel free to call the ARC at the phone number and address listed in the Section 1.5 of these Rules.

## **3 SPECIFIC TYPES OF IMPROVEMENTS / SITE RESTRICTIONS**

### **3.1 General**

The following is a listing, in alphabetical order, of a wide variety of specific types of Improvements which Owners typically consider installing, with pertinent information as to each. Unless otherwise specifically stated, drawings or plans for a proposed Improvement must be submitted to the ARC and written approval of the ARC obtained before the Improvements are made. In some cases, where it is specifically so noted, an Owner may proceed with the Improvements without advance approval if the Owner follows the stated guideline. In some cases, where specifically stated, some types of Improvements are prohibited. ARC review and approval is required on any external items not be listed below.

#### **3.1.1 Variances**

Approval of any proposed plans by the granting of a variance from compliance with any of the provisions of these Guidelines is at the sole discretion of the ARC when circumstances such as topography, natural obstructions, hardship, aesthetic or environmental considerations may require.

#### **3.1.2 No Unsightliness**

All unsightly conditions, structures, facilities, equipment, and objects, including snow removal equipment and garden or maintenance equipment, when not in actual use, must be enclosed within a structure.

### **3.1.3 Waivers; No Precedent**

The approval or consent of the ARC to any application for approval shall not be deemed to constitute a waiver of any right to withhold or deny approval or consent as to any application or other matters whatsoever, as to which approval or consent may subsequently or additionally be required. Nor shall any such approval or consent be deemed to constitute a precedent in any other matter.

### **3.1.4 Liability**

The ARC and the members thereof shall not be liable in damages to any person submitting requests for approval or to any approval, or failure to approve or disapprove in regard to any matter within its jurisdiction. The ARC shall not bear any responsibility for ensuring structural integrity or soundness of approved construction or modifications, or for ensuring compliance with building codes and other governmental requirements. The ARC will not make any investigation into title, ownership, easements, rights-of-way, or other rights appurtenant to property with respect to architectural requests and shall not be liable for any disputes relating to the same.

## **3.2 Accessory Buildings**

No storage sheds or accessory buildings are permitted on Lots; approval will not be granted.

- A. A playhouse or play structure shall not be considered an accessory building. However, existing setbacks required of the home must be observed when placing playhouses. A copy of the home's plot plan filed with the location of the proposed accessory building is required with the ARR.

## **3.3 Additions and Expansions**

Approval is required. Additions or expansions must be constructed of wood, masonite, glass, brick, stone, or other material as used in construction of the exterior of the home. The design must be the same or generally recognized as a complimentary architectural style and meet all design guidelines as may be applicable. Colors must be the same as that of the residence. Patios may not be more than twenty five percent (25%) of the entire rear yard of the Lot unless otherwise approved by the ARC.

## **3.4 Address Numbers**

Approval is required to replace, alter or relocate existing address numbers, unless the address numbers are replaced using the same style, color and type of number currently on the residence.

## **3.5 Air Conditioning Equipment**

Approval is required for all air conditioning equipment including evaporative coolers (swamp coolers) and attic ventilators installed after the initial construction.

Approval is not required for replacement of existing air conditioning equipment with like equipment located in the same location as the equipment being replaced.

No heating, air conditioning, air movement (e.g. swamp coolers) or refrigeration equipment shall be placed or installed on rooftops, or extended from windows. Ground mounted or exterior wall air conditioning equipment installed in the side yard must be installed in a manner so as to minimize visibility from the street and minimize any noise to adjacent property Owners.

### **3.6 Antennae/Satellite Dishes**

#### **3.6.1 General Provisions**

“Permitted Antennas” are defined as (a) an antenna which is less than one meter in diameter and is used to receive direct broadcast satellite service, including direct-to-home satellite services, or is used to receive or transmit fixed wireless signals via satellite; (b) an antenna which is less than one meter in diameter and is used to receive video programming services via multipoint distribution services, including multichannel multipoint distribution services, instruction television fixed services, and local multipoint distribution services or is used to receive or transmit fixed wireless signals other than via satellite; (c) an antenna which is designed to receive broadcast television broadcast signals; or (d) other antennas which are expressly permitted under applicable federal statutes or regulations. In the event a Permitted Antenna is no longer expressly permitted under applicable federal statutes or regulations, such antenna will no longer be a Permitted Antenna for purposes of this Section. Installation of Permitted Antennas shall not require the approval of the ARC.

- A.** All Permitted Antennas shall be installed with emphasis on being as unobtrusive as possible to the Community. To the extent that reception is not substantially degraded or costs unreasonably increased, all Permitted Antennas shall be screened from view from any street and nearby Lots to the maximum extent possible, and placement shall be made in the following order of preference:
  - (1) Inside the structure of the house, not visible from the street
  - (2) Rear yard or side yard, behind and below the fence line
  - (3) Rear yard or side yard, mounted on the house, in the least visible location below roofline
  - (4) Side yard in front of wing fence, screened by and integrated into landscaping
  - (5) Back rooftop
  - (6) Front yard screened by and integrated into landscaping

- B. If more than one (1) location on the Lot allows for adequate reception without imposing unreasonable expense or delay, the order of preference described above shall be used, and the least visible site shall be selected.
- C. Permitted Antennas shall not encroach upon common areas or any other Owner's property.

### **3.6.2 Installation of Antennae/Satellite Dishes**

- A. All installations must comply with all applicable building codes and other governmental regulations, and must be secured so they do not jeopardize the safety of residents or cause damage to adjacent properties. Any installation must strictly comply with FCC guidelines.
- B. All Permitted Antennas shall be no larger, nor installed more visibly, than is necessary for reception of an acceptable signal.
- C. Owners are responsible for all costs associated with the Permitted Antenna, including but not limited to costs to install, replace, repair, maintain, relocate, or remove the Permitted Antenna.
- D. All cabling must be run internally when feasible, must be securely attached, and must be as inconspicuous as possible. Permitted Antennas, masts and any visible wiring may be required to be painted to match the color of the structure to which they are attached. The Owner should check with the installer/vendor for the appropriate type of paint.
- E. All other antennas, not addressed above, are prohibited.

### **3.7 Awnings**

Approval is required and Owners must comply with all requirements of the City and County of Denver. Awnings should be an integral part of the house or patio design. The color shall be complimentary to the exterior of the residence.

See Section 3.39, Overhangs/Sunshades/Awnings – Cloth or Canvas.

### **3.8 Backyard Sport Pads.**

Approval is required. Backyard, concrete pads for "sport" type courts must be approved by the ARC. The ARC will consider backyard sport courts based on pad size, Lot size and proximity to other Lots. Sport equipment installed or stored on or around the pad must be maintained at all times in a neat and clean manner.

### **3.9 Balconies**

See Section 3.17, Decks.

### **3.10 Barbecue/Gas Grills**

Approval is not required. All barbecue grills, smokers, etc. must be stored in the rear yard or within an enclosed structure, not visible from the front of the home.

### **3.11 Basketball Backboards**

Approval is not required, subject to the following limitations. No basketball backboards shall be attached to the garage. Only portable basketball backboards shall be allowed if the following guidelines are met:

- A. Portable units cannot be placed in the public rights of way, streets, sidewalks or street lawns.
- B. Location must be in the driveway, at least half of the length of the driveway away from the street, or in the side or rear yard.
- C. Portable basketball backboards may be left out when not in use only if the backboard, hoop, and net are in good repair. Portable basketball backboards that are not in good repair, including the hoop and net, must be stored out of sight when not in use and may not be left out for more than 24 hours.
- D. Permanent garage or pole mounted basketball hoops are not permitted.

### **3.12 Birdbaths**

Approval is not required, subject to the following limitations. Placement in front or side yard is not allowed. Birdbaths are only permitted in the rear yard.

See Section 3.66, Statues or Fountains.

### **3.13 Birdhouses and Bird Feeders**

Approval is not required, subject to the following limitations. If installed in the rear yard and the size is limited to one foot by two feet, no approval is required. No more than three of each of a birdhouse or bird feeder shall be installed on any Lot. Birdhouses or bird feeders may be mounted on a pole, provided the pole shall not exceed five (5) feet in height.

### **3.14 Carports**

Approval will not be granted.

### **3.15 Clothes Lines and Hangers**

Approval is not required, subject to the following limitations. Clotheslines may only be placed in the rear yard. Fixed clotheslines and hangers are not permitted. Temporary drying structures will be permitted so long as such structures are used solely in the rear yard of a lot and are immediately removed from sight after each use. Retractable clotheslines with permanent fixtures require approval.

### **3.16 Cloth or Canvas Overhangs**

See Section 3.39, Overhangs/Sunshades/Awnings – Cloth or Canvas.

### **3.17 Decks**

Approval is required. The deck must be harmonious (in configuration, detail, material and color) with the architecture of the house. Modifications or additions to Builder installed decks must incorporate the same materials, colors and detailing as the Builder's or approved existing deck. TREX or similar engineered composite wood type products are the preferred material for construction. Plastic, PVC or similar materials are prohibited.

The appropriate governmental permits may also required.

The deck should be located so as not to create an unreasonable level of noise for adjacent property Owners.

Changes in grade or drainage pattern must not adversely affect adjoining properties and shall comply with drainage change requirements of the Declaration.

Upper-level decks shall be attached directly to the house. Only ground level decks may be approved as freestanding decks. Decks shall not extend beyond the Lot boundaries into any common area. Depending on Lot location and orientation, decks should not project beyond the side walls of the house. The side walls of the house are defined as the major (structural) side walls and do not include bay windows, chimney enclosures, porches or other such projections. In certain situations, stairs and some portions of the deck may extend up to 4' beyond the side walls.

A solid trim board shall be provided on any open side of the deck to conceal the joists and cut ends of the decking. Underdeck screening should be compatible with the architecture of the house and deck. Any lattice must be properly framed and recessed.

Railings and other features such as privacy screens for attached housing must match the approved Builder design.

### **3.18 Dog Houses**

Approval is required. Dog houses are restricted to ten (10) square feet and must be located in a fenced back yard or dog run. Dog houses must be installed at ground level, and must not be visible above the fence. Dog houses must also match the colors and materials of the exterior of the home. Limit of one dog house per Lot.

### **3.19 Dog Runs**

Approval is required. Dog runs must be located in the rear or side yard, abutting the home and substantially screened from view by planting fast-growing or mature trees or shrubs. Dog runs will be limited to two hundred (200) square feet, unless a variance is granted by the ARC. Dog run fences should be left natural in color and sealed to prevent weathering. The ARC may adopt approved heights, stains and configurations for fencing. Covers (ex: tarps, sheets, blankets, etc.) on dog runs are not allowed.

### **3.20 Doors**

Approval is not required for an already existing main entrance door to a home or an accessory building if the material matches or is similar to existing doors on the house and if the color is generally accepted as a complimentary color to that of existing doors on the house. Complementary colors would be the body, trim or accent colors of the house or white (for storm/screen doors).

- A. Storm Doors. Approval is not required for storm doors as long as the door is complimentary with the color scheme of the home. Owners wishing to utilize a different color must first obtain approval.
- B. Security Doors and Windows. All security or security-type doors and windows must be approved prior to installation.

### **3.21 Drainage**

**The Declaration requires that there be no interference with the established drainage pattern over any property. The established drainage pattern means the drainage pattern which exists at the time final grading of a Lot by the Declarant or a Builder is completed. When installing your landscaping, it is very important to insure that water drains away from the foundation of the house and that the flow patterns prevent water from flowing under or against the house foundation, walkways, sidewalks, and driveways into the street.** The ARC may require a report from a drainage engineer as part of landscaping or improvement plan approval. Landscaping and all drainage from downspouts off the house should conform to the established drainage pattern. Sump pump drainage should be vented a reasonable distance from the property line, on the Owner's property, to allow for absorption. Adverse effects to adjacent properties, including District lands, sidewalks and streets, will not be tolerated.

### **3.22 Driveways**

Approval is required for any changes or alterations to driveways. This includes construction of a pull-off area to the side of the driveway and/or concrete driveway extensions. Only clear sealant may be used on the driveway (no colors) and Owners will be required to maintain the driveways against oil spills, spalling/peeling/etc.

### **3.23 Evaporative Coolers**

Approval is required. No rooftop or window mount installations are allowed. See Section 3.5, Air Conditioning Equipment.

### **3.24 Exterior Lighting**

See Section 3.37, Lights and Lighting.

### **3.25 Fences**

#### **3.25.1 General Statement**

Fences constructed by the Developer or Builder on the Owner's lot along or abutting property lines, arterial streets, collector streets, and local streets may not be removed, replaced, painted/stained a different color or altered, including, adding a gate, without approval of the ARC.

**Most of the fences constructed by the Developer or Builder are located on the Owners property (within the lot lines) and are to be maintained (repaired, replaced if necessary and re-stained as necessary) by the Owner of the property the fence is located on. Owners' shall repair or recondition fences located on their property at their own expense and as necessary and or required by the ARC and/or Denver Connection West Metropolitan District.**

#### **3.25.2 [Reserved]**

#### **3.25.3 Fence Designs**

All fences not installed by the Developer and/or Builder that are to be installed by an Owner require approval of the ARC and shall comply with the exact fence specifications attached as Exhibit A or other design guidelines as may be adopted by the ARC. Double fencing of property lines shall not be permitted.

Please see Exhibit A for example of approved fencing per the ARC.

#### **3.25.4 Stain Color/Maintenance**

All Fences installed by Owners' are required to be stained the color - "SEAGULL GRAY" GS224 "SOLID GRAIN STAIN" MANUFACTURED BY DIAMOND VOGEL.

All fences constructed by Owners' on Lots shall be maintained in good condition and repair by the Owner. Fences installed by Owners' on their lot will be owned and maintained by the Owner. **Fences installed by the Developer and/or Builder are located on Owners lots will be owned and maintained by the Owner of that lot the fence is located on.** In the event any fences installed are installed on common area by the Developer and/or Builder will be owned and maintained by the Denver Connection West Metropolitan District.

### **3.25.5 [Reserved]**

### **3.25.6 Prior Approved Fencing**

Replacement of any existing fencing must comply with the attached Exhibit A or the then current guidelines or ARC adopted standards related to fencing.

### **3.25.7 Pet Fencing**

Pet fencing may include any invisible fence on or within the perimeter boundary of an Owner's lot. **Wire mesh fencing is not permitted nor necessary as the approved fencing style for the community is a solid fence.** See Exhibit A for example of approved fencing to be used in the community.

See Section 3.18, Dog Houses and Section 3.19, Dog Runs.

## **3.26 Fire Pits**

Approval is required for all permanent or built-in structures. Approval is not required for portable units.

## **3.27 Firewood Storage**

All firewood must be located in the side or rear yard, must be neatly stacked, shall not be visible from any street or the ground level of any other Lot, and must not be located so as to block established drainage patterns.

## **3.28 Flags/Flagpoles**

Approval is required for any freestanding flagpole.

Approval is not required for flagpoles mounted to the front of the residence provided that the flags displayed thereon (if other than an American Flag) are temporary in nature and are only displayed on holidays or in celebration of specific events. They must not be placed earlier than thirty (30) days prior to the start of the particular holiday/event or celebration and must be removed no later than thirty (30) days following the particular holiday/event or celebration. Under no circumstance may the height of the flagpole exceed the height of the roofline of the residence. Flag size cannot exceed five (5) feet in length and three (3) feet in width.

American Flags: Owners shall be permitted to display an American flag in accordance with the Federal Flag Code and as follows:

- A. The flag shall be no larger than three (3) feet by five (5) feet.
- B. The flag may be displayed in a window or from a flagpole projecting horizontally from a location on the front of the dwelling.

- C. Flags and/or flagpoles shall be replaced as necessary in order to prevent wear and tear.
- D. Flags may not be illuminated without prior written approval of the ARC. Any request for lighting must detail the type and location of lighting. Lighting shall be placed so as not to disturb Owners of neighboring Lots.

An Owner or resident may display a service flag bearing a star denoting the Owner's or resident's or his family member's active or reserve U.S. military service during a time of war or armed conflict. The flag may be displayed on the inside of a window or door of the home on the Lot. The flag may not be larger than nine (9) inches by sixteen (16) inches.

### **3.29 Gardens – Flower or Vegetable**

Approval is not required for flower or vegetable gardens that do not exceed one hundred fifty (150) total square feet. All flower gardens must be weeded, cared for and maintained. Vegetable gardens shall be located in the rear or side yard and should not be placed nor will be allowed within 5 feet of the foundation of the home.

### **3.30 Gazebos**

Approval is required. A gazebo must be an integral part of the rear yard landscape plan and must be similar in material and design to the residence. The color must be generally accepted as a complementary color to the exterior of the residence.

### **3.31 Grading and Grade Changes**

Owners are not permitted to alter the approved grading design of the lot so as to alter the drainage pattern of the lot. See Section 3.21, Drainage

### **3.32 Greenhouses**

Approval is required. Generally, greenhouses are discouraged due to the extensive maintenance required. Approval will be based upon but not limited to general aesthetics, quality and permanence of materials used. Adequate screening will be required.

### **3.33 Hanging of Clothes**

See Section 3.15, Clothes Lines and Hangers.

### **3.34 Hot Tubs and Jacuzzis**

Approval is required. Hot tubs and Jacuzzis must be an integral part of the deck or patio area and of the rear yard landscaping, and be installed in such a way that it is not immediately visible to adjacent property Owners and that it does not create an unreasonable level of noise for adjacent property Owners. In some instances, additional

plant material around the hot tub may be required for screening. Non-vegetative screening materials should match or complement the house or deck structure. Prefabricated hot tub enclosures will be evaluated on a case-by-case basis, and may require additional plant material screening.

### **3.35 Kennels**

Approval will not be granted. Breeding or maintaining animals for a commercial purpose is prohibited.

Also see Section 3.19, Dog Runs.

### **3.36 Landscaping**

Landscaping shall be completed within (9) months after initial conveyance of the property to the owner, with consideration given to planting seasons. Should an extension be foreseen due to time of year, written notice must be made to the ARC (Architectural Review Committee) prior to the 9 month expiration, at which time; the ARC will issue a new time requirement to the owner, but in no case later than 12 months after conveyance.

Approval is required. All Owners must comply with any applicable landscaping requirements of these Guidelines and if necessary the City and County of Denver. The plot plan of the residence and yard must be provided at a measurable scale. All organic materials (plants, shrubs, trees, etc.), building materials (stone, wood, edging, etc.), must be clearly labeled in detail.

The ARC may adopt approved landscape requirements and standards, and all new landscape installations and improvements must meet said requirements. Owners are responsible for compliance with all applicable laws related to on lot landscaping of the City and County of Denver if required.

### **3.37 Lights and Lighting**

Approval is not required for replacing existing lighting, including coach lights, with the same lighting style and color as originally installed.

Approval is required to modify builder installed lighting fixtures or to add exterior lighting.

Approval is required to install motion detector spotlights, spotlights, floodlights or ballasted fixtures (sodium, mercury, multi-vapor, fluorescent, metal halide, etc.).

- A.** Considerations will include, but may not be limited to, the visibility, style and location of the fixture.
- B.** Exterior lighting for security and/or other uses must be directed at the ground and house, whereby the light cone stays within the

property boundaries and the light source does not cause glare to other properties (bullet type light fixtures are recommended).

- C. Ground lighting along walks must be maintained in a working and sightly manner. Low- voltage or solar powered ground lighting fixtures which are typically affixed by stakes or similar posts are to be maintained in good aesthetic repair, be functional, not be a tripping or other physical hazard along pedestrian pathways, and remain generally vertical in their presentation.
- D. Holiday lighting and decorations do not require approval. It is required that they not be installed more than thirty (30) days prior to the holiday. They shall be removed within thirty (30) days following the holiday.

### **3.38 Ornaments/Art - Landscape/Yard**

Approval is not required for yard ornaments which are installed in the rear yard and which are of a height less than three (3) feet.

Up to three (3) small (less than 12 inches in height) front yard ornaments may be installed in the front yard without approval, as long as the ornament is installed at ground level and the color and design integrate into the landscape.

Approval is required for any other yard ornaments.

See Section 3.66, Statues or Fountains.

### **3.39 Overhangs/Sunshades/Awnings- Cloth or Canvas**

Approval is required. An overhang should be an integral part of the house or patio design. The color must be the same as, or generally recognized as, a complementary color to the exterior of the residence. A swatch of material to be used must be provided with the review submittal.

See Section 3.41, Patio Covers.

### **3.40 Painting**

Approval is not required to repaint a house if the color and/or color combinations are identical to the original manufacturer color established on the home and/or accessory improvement and installed by the Builder. Any changes to the original color scheme installed by the Builder must be submitted for approval and must conform to the general color scheme of the Community.

### **3.41 Patio Covers**

Approval is required. Patio covers must be constructed of material consistent with the home and be similar or generally recognized as complementary in color to the colors on the house. Freestanding patio covers may be permitted as well as extensions of the roof.

#### **3.42 Patios – Enclosed**

See Section 3.3, Additions and Expansions.

#### **3.43 Patios – Open**

Approval is required. Open patios must be an integral part of the landscape plan and must be located so as not to create an unreasonable level of noise for adjacent property Owners. In some instances, additional plant material around the patio may be required for screening or integration into the landscape design. The patio and materials must be similar or generally accepted as a complementary color and design to the residence.

See Section 3.17, Decks.

#### **3.44 Paving**

Approval is required, regardless of whether for walks, driveways, patio areas or other purposes, and regardless of whether concrete, asphalt, brick, flagstones, stepping stones, pre-cast patterned, or exposed aggregate concrete pavers are used as the paving material.

See Section 3.11, Driveways.

#### **3.45 Pipes**

Approval is required for all exterior pipes, conduits and equipment. Adequate screening may also be required.

#### **3.46 Play Structures and Sports Equipment**

Approval is required. Consideration will be given to adjacent properties (a minimum five (5) foot setback from the property line, is required for trampolines, swing sets, fort structures, etc.) so as not to create an undue disturbance. In some instances, additional plant material around the equipment may be required for screening. Wood structures must be constructed of pressure treated or other weather resistant materials. All play equipment must be maintained in a good and sightly manner. The use of multi-colored permanent cloth/canvas tarps will be considered on a case by case basis and consideration will be given to the colors requested so as to not be unsightly to adjacent residences. Height of any play structure or sports equipment may not exceed twelve (12) feet.

#### **3.47 Playhouses**

Approval is not required if a structure is less than twenty four (24) square feet and less than six (6) feet high, from highest point to the ground.

Approval is required for structures greater than twenty four (24) square feet and/or greater than six (6) feet high, from the highest point to the ground.

See Section 3.2, Accessory Buildings.

### **3.48 Poles**

See Section 3.28, Flags/Flagpoles.

### **3.49 Ponds and Water Features**

Approval is required. Considerations by the ARC will include, but not be limited to, the following criteria:

- A. Must be integrated into landscape scheme.
- B. Setback shall be a minimum of five (5) feet from all property lines.
- C. Must not affect existing drainage on the lot or off the property.
- D. Must be maintained at all times.

### **3.50 Pools**

Approval is required. Pools must be placed in the rear yard and be an integral part of the deck or patio area. They should be located in such a way that they are not immediately visible to adjacent property Owners (i.e. screened with plant material). Above ground pools and temporary pools are prohibited. One (1) wading pool, if less than eighteen (18) inches high and eight (8) feet in diameter, per Lot, is permitted on a temporary basis without prior approval, if placed in the rear yard.

See Section 3.34, Hot Tubs and Jacuzzis.

### **3.51 Radio Antennae**

See Section 3.6, Antennae/Satellite Dishes.

### **3.52 Radon Mitigation Systems**

Approval is required. Equipment must be painted a color similar or generally accepted as complimentary to the exterior of the house. All equipment shall be installed so as to minimize its visibility.

### **3.53 Roofing Materials**

Approval is required for all roofing materials other than those originally used by the Builder. All buildings constructed on a Lot should be roofed with the same or greater quality and type of roofing material as originally used by the Builder.

Approval is not required for repairs to an existing roof with the same building material and color that exist on the building.

### **3.54 Rooftop Equipment**

Approval is required but generally will not be allowed. Equipment must be painted a color similar or generally accepted as complimentary to the roofing material of the house. All rooftop equipment shall be installed so as to minimize its visibility.

See Section 3.64, Solar Energy Devices.

### **3.55 Satellite Dishes**

See Section 3.6, Antennae/Satellite Dishes.

### **3.56 Saunas**

See Section 3.2, Accessory Buildings.

### **3.57 Screen Doors**

See Section 3.20, Doors.

### **3.58 Seasonal Decorations**

Approval is not required if installed on a lot within thirty (30) days of a holiday, provided that an Owner is keeping with the Community standards, and provided that the decorations are removed within thirty (30) days of the holiday.

See Section 3.37, Lights and Lighting.

### **3.59 Security Devices.**

Approval is not required. Security devices, including cameras and alarms, must be selected, located and installed so as to be an integral part of the house and not distract from the home's architecture and appearance. Cameras and housing sirens, speaker boxes, conduits and related exterior elements should be unobtrusive and inconspicuous. Such devices should be located where not readily visible and should be a color that blends with or matches the surface to which it is attached.

### **3.60 Sheds**

See Section 3.2, Accessory Buildings.

### **3.61 Shutters – Exterior**

Approval is required and generally will not be approved if the shutters are not of the same design, material and/or color as originally installed by the Builder. New proposed shutters should be appropriate for the architectural style of the home and be of the appropriate

proportion to the windows they frame. Shutters should be the same color as the “accent” color of the home (typically the same as the front door or other accent details).

### **3.62 Siding**

Approval is required.

### **3.63 Signs**

Approval is not required for one (1) temporary sign advertising property for sale or lease or one (1) open house sign, which shall be no larger than five (5) square feet and which are conservative in color and style; one (1) yard/garage sale signs which is no larger than 36” x 48”; and/or burglar alarm notification signs, ground staked or window mounted which are no larger than 8” x 8” Such signs may be installed in the front yard or on the back yard fence of the Lot.

Political signs (defined as signs that carry a message intended to influence the outcome of an election, including supporting or opposing the election of a candidate, the recall of a public official, or the passage of a ballot issue) may be displayed within the boundaries of an Owner’s or resident’s Lot without approval, political signs shall not exceed 36” by 48” in size.

Approval is required for all other signs. No lighted sign will be permitted unless utilized by the Developer and/or a Builder.

### **3.64 Solar Energy Devices**

Approval is required in order to review aesthetic conditions. Photovoltaic (PV) Solar panels must lay flat on the roof, meet all applicable safety, building codes and electrical requirements, including solar panels for thermal systems (solar water heaters). The ARC is allowed to request changes as long as they don’t significantly increase the cost or decrease the efficiency of the proposed device and panels. Please also see Colorado Law C.R.S. 38-30-168, which governs the review and the Owner’s installation of such devices.

### **3.65 Spas**

See Section 3.34, Hot Tubs and Jacuzzis.

### **3.66 Statues or Fountains**

Approval is not required if statues or fountains are installed in the rear yard and are not greater than four (4) feet in height from the highest point, including any pedestal.

Approval is required if the statue or fountain is proposed for the front yard. Statue or fountain location in the front yard should be located close to the main entrance of the house.

See Section 3.12, Birdbaths and Section 3.38, Ornaments/Art – Landscape/Yard

### **3.67 Storage Sheds**

Approval will not be given.

See Section 3.60, Sheds and Section 3.2, Accessory Buildings.

### **3.68 Sunshades**

See Section 3.39, Overhangs/Awnings – Cloth or Canvas and Section 3.41, Patio Covers.

### **3.69 Swamp Coolers**

See Section 3.5, Air Conditioning Equipment, Section 3.23, Evaporative Coolers, and Section 3.54, Rooftop Equipment.

### **3.70 Swing Sets**

See Section 3.46, Play Structures and Sports Equipment.

### **3.71 Television Antennae**

See Section 3.6, Antennae/Satellite Dishes.

### **3.72 Tree Houses**

Approval will not be granted. Tree houses are not permitted.

### **3.73 Vanes**

See Section 3.77, Weather Vanes and Directionals.

### **3.74 Vents**

See Section 3.54, Rooftop Equipment.

### **3.75 Walls**

See Section 3.25, Fences and Section 3.76, Walls, Retaining.

### **3.76 Walls, Retaining**

Approval is required except that an Owner may replace a builder-installed wall with like material.

New or old creosote treated timber railroad ties are prohibited.

### **3.77 Weather Vanes and Directionals**

Approval is required.

### **3.78 Wind Electric Generators**

Approval is required. In addition to ARC approval, windmills and any other type of fixture, which fall under the criteria of a wind generator, or are used to generate power etc., must meet the requirement of the C.R.S. 40-2-124 and any applicable regulations of the Colorado Public Utilities Commission.

### **3.79 Windows Replacement**

Approval is required. Considerations will include, but may not be limited to, size, color, existing and proposed window style and style of home.

### **3.80 Windows: Tinting, Security Bars, Well Covers, etc.**

Approval is not required for window well covers that are manufactured with metal or plexiglass. All others will require ARC approval.

Approval is required for any visible window tinting. Highly reflective and/or dark tinting is considered too commercial for residential applications and is not permitted.

Approval is required for security bars and generally will not be approved.

### **3.81 [Reserved]**

### **3.82 Xeriscape**

Approval is required. Using drought tolerant plantings and other water conservation methods of landscaping is encouraged; however, the design must be approved. Xeriscape uses much less water than typical suburban residential landscape, but it does not mean that large areas of river rock or mulch will be allowed in place of green, growing plant material.

DENVER CONNECTION WEST DESIGN AND LANDSCAPE GUIDELINES

## APPENDIX A: ARCHITECTURAL REVIEW REQUEST FORM

### ARCHITECTURAL REVIEW REQUEST FORM

#### FOR OFFICE USE ONLY

Denver Connection West Metropolitan District  
c/o MSI, LLC  
11002 Benton Street  
Westminster, Colorado 80020

Date Received: \_\_\_\_\_

Crucial Date: \_\_\_\_\_

Date Sent to Entity: \_\_\_\_\_

Date Rcvd from Entity: \_\_\_\_\_

HOMEOWNER NAME(S): \_\_\_\_\_

ADDRESS: \_\_\_\_\_

PHONE(S): \_\_\_\_\_

My request involves the following type(s) of improvement(s):

- |   |  |  |
|---|--|--|
| <input type="checkbox"/> Landscaping          | <input type="checkbox"/> Deck/Patio Slab | <input type="checkbox"/> Roofing       |
| <input type="checkbox"/> Drive/Walk Addition  | <input type="checkbox"/> Patio Cover     | <input type="checkbox"/> Room Addition |
| <input type="checkbox"/> Basketball Backboard | <input type="checkbox"/> Fencing         | <input type="checkbox"/> Other: _____  |

Include two copies of your plot plans, and describe improvements showing in detail what you intend to accomplish (see Article 2 of the Landscape and Design Guidelines of Denver Connection West). Be sure to show existing conditions as well as your proposed improvements and any applicable required screening (see the Landscape and Design Guidelines for requirement details for your specific proposed Improvement).

I understand that I must receive approval from the ARC in order to proceed with installation of Improvements if Improvements vary from the Landscape and design Guidelines or, are not specifically exempt. **I understand that I may not alter the drainage on my lot.** I understand that the ARC is not responsible for the safety of Improvements, whether structural or otherwise, or conformance with building codes or other governmental laws or regulations, and that I may be required to obtain a building permit to complete the proposed Improvements. The ARC and the members thereof, as well as the District, the Board of Directors, or any representative of the ARC, shall not be liable for any loss, damage or injury arising out of or in any way connected with the performance of the ARC for any action, failure to act, approval, disapproval, or failure to approve or disapprove submittals, if such action was in good faith or without malice. All work authorized by the ARC shall be completed within the time limits established specified below, but if not specified, not later than one year after the approval was granted. I further understand that following the completion of my approved Improvement the ARC reserves the right to inspect the Improvement at any time in order to determine whether the proposed Improvement has been completed and/or has been completed in compliance with this Architectural Review Request.

Date: \_\_\_\_\_ Homeowner's Signature: \_\_\_\_\_

**ARC Action:**

- ☐ Approved as submitted
- ☐ Approved subject to the following requirements:

- ☐ Disapproved for the following reasons:

All work to be completed no later than: \_\_\_\_\_

DRC/ARC Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**SUBMITTAL FEES**

Submittal Fees shall be charged on the following schedule each submittal:

- Landscape Review - \$50
- Fence Review - \$25
- A Main Building Addition, Deck, Patio, Site Plan, Footprint (including Driveway) Review - \$100
- Paint Color - \$25
- All other items - \$25
